W. J. 16/2

2.9 NOV. 1943

United India Building,
Bangalore, dated 29th Nov. 1943

1.12.43.

From

E.V. Ganapati Iyer, Esq., B.Sc.,
Government Director of Industrial Concerns,
Bangalore.

3894

To

Charles E. Noronha, Esq., M.A.,
Secretary to Government, Development Department,
Bangalore.

Sir,

I have the honour to state that the General Manager, Industrial and Testing Laboratory, reports that the raw materials required for the manufacture of Iteol - a special quality disinfectant fluid manufactured by the concern - have run out of stock and require replenishment immediately. He states that there is a very great demand in the market for this material and that its production is also profitable to the Laboratory. He has, accordingly requested permission to place open orders by cable for the marginally noted

1. Para-chlor-meta-xyleneol	1 ton	Rs.7125/-	raw materials
2. Cresantol	5 cwts	1680/-	through the
3. Terpinyl Acetate	3 "	840/-	Secretary, Stores
4. Lavenderoil, 38-40 %	3 "	5380/-	Purchase Committee
5. Spike Labender oil	3 "	2350/-	with the Trade
			Commissioner in
			London. The cost

of each material and the total value involved, namely, Rs.17,375/- as indicated herein, are only approximate based on the prices paid by the Laboratory on previous purchases. The position in this respect was brought to the notice of the Minister for Industries and Supplies during his visit to the Laboratory, on/vide para of the draft notes sent to you with my memo No. 501 dated 13.11.43. In view of the urgent need for these materials and as this is a standard production of the Laboratory, I am in anticipation of the sanction of Government to place orders for the materials as mentioned above through the Secretary, Stores Purchase Committee. I request that approval of Government may kindly be taken and intimated at an early date.

I have the honour to be,
Sir,
Your most obedient servant,

Government Director.
